### 3. 11:30 Forum Chairs Update (JC)

Paul McAleer (Nursing in Justice and Forensic Health Care Forum) is the new Chair of the Forum Chairs Committee (FCC) with Jen as vice chair. So that the chair is not overwhelmed with work FCC would like the co-chairs to have more responsibility at the meetings.

FCC will be feeding into the work of the RCN academies.

- Ø The RCN Institute of Nursing Excellence will be made up of five academies:
  - Academy of nursing leadership
  - Academy of nursing practice
  - Academy of nursing workforce
  - Academy of international nursing
  - Academy of activism

It was discussed that the Forum review of forums will align with the work of the academies.

This year the Forum Governance Group (FGG) reviewed the forums shortlisted selection of voting members applying for a funded voting place at Congress. FGG went back to some forum steering committees with comments and requested more details on their selection(s).

FCC will submit a bid to FGG re: Clinical reflective practice.

Safe staffing is now going to incorporate all parts of nursing and set safety critical ratios.

There will be a Leadership development programme for Forum Chairs and one for new committee members:

- Ø how to be a leader for volunteers.

A new quality assurance policy for RCN professional & learning resources has been produced.

As its an election year, FCC have requested training on dealing with communications to the run up to the election.
